***The Report on Athletic Program Participation Rates and Financial Support Data***

*Submitted September 13, 2019*

The Equity in Athletics Disclosure Act Survey (EADA) was designed to make prospective students and prospective student athletes aware of an institution of higher education's commitment to providing equitable athletic opportunities for its men and women students. The EADA requires the disclosure of information about varsity teams and the financial resources and personnel that the school dedicates to those teams.

The EADA requires that any coeducational institution of higher education that participates in Title IV, the federal student aid program, and has an intercollegiate athletics program, must comply with the EADA by preparing an annual report, officially called *The Report on Athletic Program Participation Rates and Financial Support Data*; more commonly known as the *EADA Report*. The *EADA Report* must be published by October 15 each year and must be made available upon request to students, prospective student-athletes, and the public.

Institutions must submit their EADA data to the Secretary of Education within 15 days of making it available to students, prospective student-athletes, and the public. The sole mechanism for submitting the data is via the EADA Web-based data collection, commonly known as the EADA Survey.

## Athletics Participation

Federal regulations require that the following information, based on the previous reporting year be available for inspection by students, prospective students, and the public by October 15 of each year.

This table lists the number of participants by gender for each varsity team. According to the published federal regulations governing EADA reporting, a participant is defined as a student-athlete who, as of the day of a varsity team's first scheduled contest:

- a) Is listed by the institution on the varsity team's roster; or
- b) Receives athletic related aid; or
- c) Practices with the varsity team and receives coaching from one or more varsity coaches.

Any student-athlete who satisfies one or more of these criteria is a participant, including a student on a team the institution competition to preserve eligibility (i.e. red-shirt) or for academic, medical, or other reasons.
