

Message From The Chief

Spartanburg Methodist College (SMC) Campus Safety is a community-oriented campus safety department built on rendering quality service delivery to and building positive relationships with all our diverse stakeholders. SMC Campus Safety utilizes these positive relationships to proactively embrace SMC's "Student Success from Enrollment to Employment" philosophy by building upon transformational policing principles. SMC Campus Safety actively promotes these principles through student involvement and creating a safe and secure campus which promotes personal and professional growth.

The ability of Campus Safety to effectively provide a safe campus not only hinges on collaborating with our stakeholders but also employing highly competent and community-oriented personnel. Our Class 1 Police Officers and SLED Certified Campus Security Officers are highly trained and experienced personnel whose mission it is to provide a safe and secure working and learning environment for SMC's faculty, staff, students, and visitors.

On behalf of the SMC Campus Safety Department, we are honored to serve a diverse community and we strive to promote a positive learning environment through equitable treatment. By working with all our stakeholders, I have no doubt in the ability of SMC Campus Safety to provide an unparalleled level of safety.

Chris Carter

CHIEF OF CAMPUS SAFETY
